

# KUNAL PATIL

Bangalore, India | kunalpatil@email.com

## SUMMARY

---

Cloud and DevOps Engineer with hands-on expertise in containerization, CI/CD pipelines, and cloud-native infrastructure. Experienced in deploying scalable backend services using Docker, Kubernetes, and Terraform.

## SKILLS

---

Cloud: AWS, Azure, Google Cloud Platform  
Containerization: Docker, Kubernetes  
CI/CD: Jenkins, GitHub Actions, GitLab CI, CircleCI  
Infrastructure as Code: Terraform  
Configuration Management: Ansible  
Backend: Python, Flask  
Concepts: Microservices, REST API

## PROJECTS

---

### Microservices Architecture Deployment

- Built REST APIs using Flask.
- Containerized services with Docker.
- Deployed scalable services on AWS using Kubernetes.

## EXPERIENCE

---

### DevOps Engineer — CloudServe Technologies

Jan 2024 – Present

- Automated CI/CD pipelines using Jenkins and GitHub Actions.
- Designed Kubernetes clusters for scalable deployments.
- Reduced deployment downtime by 40%.
- Managed infrastructure using Terraform and Ansible.
